

S&P Euro and UK High Yield Dividend Aristocrats Index Consultation

LONDON, FEBRUARY 21, 2018: S&P Dow Jones Indices (“S&P DJI”) is conducting a consultation with members of the investment community on potential changes to the S&P Euro and UK High Yield Dividend Aristocrats Indices.

Impacted Indices	Proposed Change	Description
S&P UK High Yield Dividend Aristocrats Index	Dividend Payout History and Constituent Count	The index currently selects the 30 highest indicated dividend yielding stocks which pass all eligibility criteria. In addition, stocks must have a 10-year stable or increasing dividend payout history in order to be eligible. S&P DJI is proposing to reduce the dividend payout history requirement from 10 years to 7 years, while increasing the number of stocks in the index from 30 to either a fixed count of 40, or all eligible stocks. ¹ These changes will expand the number of stocks eligible for index inclusion and help the index meet its objective of including the highest dividend yielding UK stocks.
S&P Euro and UK High Yield Dividend Aristocrats Indices	Replacement Rule	S&P DJI is proposing to remove the replacement rule that currently exists for stocks which are dropped due to dividend omissions. Index constituents would instead be reviewed for dividend omissions on a monthly basis. If a constituent stock publicly announces a suspension or cancellation of its dividend program, it would be removed from the relevant index effective prior to the open of the first business day of the following month. Replacement stocks would not be added to the indices until the annual reconstitution.

IMPACT ANALYSIS

Estimated index yield and turnover figures that would have resulted if the proposed methodology changes had been applied at the June 2017 annual rebalancing are available upon request.
